This document contains proprietary information, which is protected by copyright. No part of this document may be photocopied, reproduced, distributed, transmitted, stored in a retrieval system, modified or translated to another language in any form by any means, without the prior written consent of Comtrade Software (Comtrade).

Trademarks

Comtrade Software logos, names, trademarks and/or service marks and combinations thereof are the property of Comtrade or its affiliates. Other product names are the property of their respective trademark or service mark holders and are hereby acknowledged.

Acapolis and Nutanix are trademarks of Nutanix, Inc. in the United States and/or other jurisdictions.

Citrix, StoreFront, XenApp, and XenDesktop are trademarks of Citrix Systems, Inc. and/or one or more of its subsidiaries, and may be registered in the United States Patent and Trademark Office and in other countries.

Microsoft, SQL Server, and Windows Server are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.

Disclaimer

The details and descriptions contained in this document are believed to have been accurate and up to date at the time the document was written. The information contained in this document is subject to change without notice.

Comtrade Software provides this material "as is" and makes no warranty of any kind, expressed or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Comtrade shall not be liable for errors and omissions contained herein. In no event shall Comtrade be liable for any direct, indirect, consequential, punitive, special or incidental damages, including, without limitation, damages for loss and profits, loss of anticipated savings, business interruption, or loss of information arising out of the use or inability to use this document, or any action taken based on the information contained herein, even if it has been advised of the possibility of such damages, whether based on warranty, contract, or any other legal theory.

The only warranties for Comtrade Software products and services are set forth in the express warranty statements accompanying such products and services. Nothing herein should be construed as constituting an additional warranty.

Notice

This document is provided in connection with Comtrade Software products. Comtrade may have copyright, patents, patent applications, trademark, or other intellectual property rights covering the subject matter of this document.

Except as expressly provided in any written license agreement from Comtrade Software, the furnishing of this document does not give you any license to these patents, trademarks, copyrights, or other intellectual property on Comtrade Software products. Use of underlying Comtrade Software product(s) is governed by their respective Software License and Support Terms.

Important: Please read Software License and Support Terms before using the accompanying software product(s).

Comtrade Software Customer Support and information

Use the communication channels listed in this section if you need:

- Help with the product licensing process
- Assistance while using the product
- Additional information about this product
- Information about other Comtrade Software products

Customer Support

Should you require additional information or assistance while using the product, contact the vendor that shipped it.

If you have purchased the product directly from Comtrade Software, and are experiencing a problem, search for a solution on the following webpage:

support.comtradesoftware.com

In the absence of an article addressing your problem, ask Comtrade Software Customer Support for assistance: on the webpage, click **Submit a request** and fill in the request form. You must be signed in with a valid account prior to submission. Apply for an account at the following email address:

support@comtradesoftware.com

Important: Before submitting a request to the Customer Support department, perform a health check on all systems that are in failed (critical, red) state and have the following information ready:

- Symptoms
- Sequence of events leading to the problem
- Commands and options that you used
- Messages you have received (a description with the date and time)

Company website and video channel
